

IMMIGRANT NATION

Ellis Island: Two days of interactive storytelling

Immigrant Nation Launch | April 22–23, 2014

Whether you recently arrived to the U.S., or your family came to the country many generations ago, we all have unique experiences, aspirations, and stories that deserve—and need—to be told.

Join us April 22–23, 2014, on the historic Ellis Island for the launch of Immigrant Nation, a first-of-its-kind multimedia project designed to capture, share, and spread these stories—your stories—in powerful new ways.

At the event, you'll have the chance to record your own personal narrative, participate in interactive discussions, and view a series of short documentary films that capture just a few of the remarkable immigrant stories we've surfaced so far through our work.

Come explore Ellis Island—and your own story—like never before, and leave with new tools and ideas for how to share your unique immigrant experience with the world.
